Online Summary of Trends in US Cancer Control Measures

The Cancer Trends Progress Report summarizes our nation’s progress against cancer in relation to Healthy People targets set forth by the Department of Health and Human Services. The online report, intended for policy makers, researchers, and public health professionals, includes key measures of progress along the cancer control continuum and uses national trend data to illustrate where improvements have been made.

Report features include:

- Downloadable graphs and Excel data
- Ability to generate printer-friendly custom reports
- Sharing options via email and social media
- Links to related cancers and statistics

Prevention

Focuses on factors that have been observed to affect a person’s risk of getting cancer.

- Behavioral Factors
- Tobacco Policy/Regulatory Factors
- Environmental Factors
- Genetic Testing

Early Detection

Describes trends in the use of mammography screening, Pap tests, human papillomavirus (HPV) testing, home Fecal Occult Blood Tests (FOBT), sigmoidoscopies, colonoscopies, CT scans, and Prostate-specific antigen (PSA) tests.

- Breast Cancer
- Cervical Cancer
- Colorectal Cancer
- Lung Cancer
- Prostate Cancer

Diagnosis

Provides rates of new cancer cases by cancer site and by race/ethnicity, as well as stage at diagnosis.

- Incidence
- Stage at Diagnosis

Treatment

Summarizes trends in quality of care, clinical trials, patterns of care, emerging treatments, and associated outcomes.

- Bladder Cancer
- Breast Cancer
- Colorectal Cancer
- Kidney Cancer
- Lung Cancer
- Ovarian Cancer
- Prostate Cancer

Life After Cancer

Explores 5-year survival rates for some of the most common cancers as well as the economic impact of cancer treatment costs.

- Financial Burden of Cancer Care
- Survival
- Cancer Survivors and Smoking
- Cancer Survivors and Weight
- Cancer Survivors and Physical Activity

End of Life

Provides data on cancer mortality by major cancer sites, along with years of life lost due to cancer and other major causes of death.

- Mortality
- Years of Life Lost
